

Decisions

Today I would like to speak to you about decisions or the lack there of!

We know that the decision of Adam and Eve brought sin into our world.

There is another person who through integrity made a decision, which started a blessing that we cannot even imagine its importance. Her name is Ruth. A foreigner to Israel but became a decision-maker that changed the future of that land. She said, because of integrity and devotion to her widowed mother-in-law and dead husband, “your God will be my God”.

Through her decision kings and prophets were born. The most fantastic of all was the **Christ of God**. Now Let’s bring this all to the present.

If you have received Jesus Christ as your Lord and savior that is great. There is an eternal life through His Cross. However, hold on you’re not done! We have the great commission from Jesus and I want to take you a lot further.

I want you to imagine this. A great authoritarian bully has taken your child or grandchild and put a gun to their head while saying to you deny Jesus or else. Maybe they just want to take custody of the child and put them into an indoctrination camp.

You may be saying to yourself, the Lord will forgive me because of my child. This is the same Christ that said “If you deny me before men I will deny you before My Father and the angels in heaven. Also if you prefer family over Me you are not worthy of Me”

This would be a time of decision BUT your decision should never reach that stage. YOUR DECISION is NOW!

There are the school boards that muzzle your children and do not have authority to do it. There are union leaders that tell you how to vote that they may remain in power. Politicians that line their pockets and we keep voting them into office, Governors who overstep their authority and power and betray their oath to serve. Worst of all are the so called churches that say that’s politics we don’t belong there.

Don’t forget the whole province (last commentary) that decided to do nothing and were judged.

Will you make your decision now or face terror when it’s too late?
