

## **Money, Sex and Power**

I have decided to write about these life subjects because the Lord impressed upon me that He was going to strike the foundations of these to serve as wake up call. The world has taken all the good things of God and perverted them to serve our own self-interest instead of using them for the purpose for which they were intended.

I don't believe that it would dawn on most that through the misuse of such things could bring a curse on our nation. Money is used to bribe to buy influence and to serve a decadent lifestyle also to buy power to influence people into accepting lies that promote what, acceptance of an agenda straight from hell.

As an example our country has killed 60 million babies, perverted marriage, and taught our children how to live a life void of accountability. This does not take into account the low value of life perceived by our youth through the example promoted by leaders and educators not giving one thought to the subject of eternal life. These same people and political leaders then want to stand on a pulpit and proclaim God bless America! I will remind them what the Bible says: God will not be mocked, what so ever a man (woman) shall sow, so shall they reap.

Why do I feel that I am constantly being lied to by some of our leaders and their cohorts in the media? It is so bad I know they are lying because their mouth is open. I see no shame and definitely see no fear of God. To be sure the end does justify the means. The Lord is the living Word of truth and knows how sort out our words because He knows the root from which they grow. This is also a danger for those in the media who proclaim they speak truth that we should trust them with our lives and fortunes. It is very hard for me to believe that they cannot see the factions who are trying to undermine our freedom, destroy our faith, destroy truth and over turn our constitutional government. This does not take into account the destruction of our nation's soul.

One of the most serious lies is the promotion of women's health through birth control which is a cover for abortion. Even in severe cases such as rape I would be surprised to find a girl that would feel better about being raped after killing her baby. These decisions have far reaching implications far too big for a young child to make without an eternal perspective or at the very least the lifelong feeling of guilt. They are taught the escape mentality and have to callous their heart to live with an abortion.

The most egregious of sins is that our former administration was trying to force institutions, which do not believe, we have the freedom to kill our babies without accountability. This offense is not only against the institution but a finger in the eye of the Creator of life. Some may think they can justify their actions by saying when life begins. However do not try to tell that to the God who says, I knew you in your mother's womb.

Those who promote this mentality are the same group who fights against the teaching about the love of God and his salvation. His truth brings hope and encouragement to those who feel trapped by their circumstances. They also refuse to allow this faith to be taught in our schools to promote the concept of celibacy.

However, they will invite the abortionist into the school to deal with the problem of a large number of pregnancies. We have abandoned virtue because we have abandoned accountability and we teach our children to do the same. Those who have abused their power and authority to deny truth will understand the last day when it is too late.

I would like to tell you about the mother of a TV preacher who went to the doctor for an abortion and was sent home by that doctor refusing her request. In the world today her circumstance would be more than justified. Those were different times and thank God because this minister now feeds and clothes thousands of starving in Africa. He also helps to free children sold as sex slaves to rescue them from a horrific and denigrating existence of emotional pain.

We as a nation talk a big talk about human rights and abuse but puts restrictions on a Christian community that wants to do something about it. And now the government wants us to pay for child abuse in the womb!

Why does the leadership in this country want to arouse God's righteous anger! Unless they believe He does not see or does not care. Jesus came the first time to bring salvation but the actions of this world system I fear are bringing us close to judgment.

The lines are being drawn and we have to decide where we stand with or against the Lord both as a people and as a nation. Individually, there are many that need to make the decision to accept the salvation of Jesus Christ before judgment comes. It is not at all painful unless you consider having enough humility to repent and accept His grace to cover our sin as being painful. He is gentle for those who come to Him.

Just pray this: Lord I reject the wisdom of this world that brings so much pain to so many. I ask for the grace of Jesus Christ to cover my sin and ask for the light of His wisdom that I may see the kingdom of God. I ask for the gift of the Holy Spirit that my heart may be afire with the love and Power of God's grace to overcome this world, Amen!

Proverbs 8:35-36 (NIV)

1. For whoever finds me finds life and receives favor from the LORD.
2. But whoever fails to find me harms himself; all who hate me love death.

Sincerely:

Reverend Callender
