

## One Person's Sacrifice

It never ceases to amaze me what one person can do when they dedicate themselves to a selfless vision in life. Then go on to bless those who need their same vision in Christ. This may advance others in the vision God's Love and selflessness. I believe His vision will promote Liberty in Our Nation through the Truth of that Love.

We have seen the difference that one Person's sacrifice has made by Jesus' Cross and how it changed the world. This is how a nation can prosper in wealth, health, and happiness one person at a time for the good of the community we call the USA. Evil cannot control this Sacrifice because evil is not selfless but wants to impose its will on others that Love may not prosper!

However, the evil in this world has already been judged. The only thing left to decide is if we want to stand by and watch evil prosper because of apathy. We may go down to the same pit of despair as many in our nation because we do not want to reach out. By reaching out to one other person with a Love that is greater than self, we can change a Nation. Especially, believers should do whatever their hand finds to do. The Spirit of Christ will inspire, empower, and direct.

God sent me to a man I loved as a friend with the message of Christ and I delayed because I lacked confidence. We had a mutual respect for one another. To make this short he passed at 38 before I decided to make a move. I now must live life with my shortcoming. The Spirit of Christ is our confidence!
